OLD DUBAI

KAZZAN **120** **FOR TWO** **210**

Crisp Apple Vodka, Carpano Classico, Campari
Citrus Pressed Apple, Desert Salt

After the discovery of offshore oil in Dubai in 1967, a problem arose of where to store it. Kazzans were built not more than 100 metres from where you are sitting now. Named after the undersea storage tanks that would contain oil collected at sea. This pioneering methodology lends its technique to the process we use of infusing flavours into your drink.

SCENT OF THE SOUK **100**

Dried Apricots and Figs infused Gin, Baharat Syrup
Mastic Liquor, Lime, 3 wishes

This cocktail evokes the ambience of Dubai's famous souks through the use of fragrant herbs and spices and an active aromatic Oud Oil lamp.

LIGHT SWEET CRUDE **140**

Laphroaig 10yr, Macallan 12yr Fine Oak, Foie Gras
Saffron Honey, Desert Salt Saline Solution
Activated Charcoal

A homage to the flame monument and the discovery of oil that underwrote Dubai's initial rise to greatness, this cocktail explores the concept through the use of rich, oily ingredients such as Islay whisky and foie gras, garnished with several drops of charcoal infused truffle oil.

FROM KOHL TO CRYSTAL **120**

Vodka, Gin, Vermouth Blanc, Za'atar Leaves, Sumac

Based on the incredibly fast rise of Dubai; Kohl is the charcoal Dubai villagers would wear 'mascara-like' on their eyelashes to protect their eyes from the sun and Crystal refers to the wealth and opulence that Dubai now offers.

SABKHA **100**

Butter-washed Tequila, Pink Pepper Corns
Ruby Grapefruit, Acacia Honey, Hibiscus, Prosecco
Desert Salt Solution

Sabkha is the name for the crust on the surface of the salt flats that are prevalent throughout the UAE both along the coasts and in the desert; the cocktail channels the concept through the use of salted and coastal ingredients.

FUTURE DUBAI

ROSE OF DAMASCUS **70** (NON-ALCOHOLIC)

Cherry Puree, Homemade Orgeat Syrup, Lemon Juice
Fresh Apple Juice

'I come to you ... from the tales of the Damascene rose, that depicts the history of all fragrance,' wrote famed Syrian poet Nizar Qabbani. Beyond being known for its heady fragrance, the Damask rose has long been used for rose oil or "attar of roses", and is commonly used to flavour food and make rose water. Due to recent conflict in Syria, the production of rose products has fallen on hard times, so we have decided to attribute this drink to raise awareness for this beautiful flower.

2020 **140**

Barrel Aged Rum, Espresso, Coffee Liqueur
Spiced Date Syrup

This cocktail is made from an eclectic mix of ingredients from across the world highlighting the benefits of working collaboratively to become greater. This harmonious blend of flavours also acts as a mirror to Dubai itself focussing on the city's uniquely tolerant, multi-cultural population and as host of the World Expo in 2020.

STRENGTH IN THE UNITY **100**

Mezcal, Chartreuse, Herbal Curaçao, Agave, Citrus
Barrel Aged Chili Bitters

Spirit of the Union is an ethos of community represented by the harmonious blend of ingredients from around the world.

MUSEUM OF THE FUTURE **150**

Peanut Butter Rye, Homemade Grape Marmalade
Toast Bitters

The future belongs to those who can imagine it, design it and execute it. While others try to predict the future, we create it. Inspired by the future museum this drink draws techniques fit for the future but being used today in our laboratory. Rotovap | Sous Vide | Centrifuge.

PIONEER **140**

Gin, Pineapple, Grapefruit-Basil Oleo Saccharum
Champagne

Plans to develop the new tallest tower are underway and due to Dubai's ingenuity and competitive drive, it is set to break further records of accomplishment. This feat can only be achieved by a collaboration of the best and brightest that we like to refer to as "Pioneers".

NEW DUBAI

WILD WADI (NON-ALCOHOLIC)

70

Cherry Puree, Orgeat, Citrus, Pressed Apple Juice

A whirlwind of flavours swirling and engulfing the taste buds, symbolizing the journey experienced in the landmark Wild Wadi establishment located on the doorstep of the Burj Al Arab.

THE DUBAI FRAME

100

Homemade Saffron & Jasmine Gin, Quinetum Cordial

It's 150 meter-high, 93 meter wide and quite literally frames a beautiful image of Dubai. From one side the landmarks and building of Sheikh Zayed Road can be seen to symbolize the modern Dubai. While the view from the other side shows landmarks such as; Deira, Umm Hurair and Karama which symbolize the old Dubai.

BREW-SKI

100

Gin, Galliano Authentico, Apple Smoked Honey, Citrus Plumb Bitters

A testament to creativity of Dubai, this marvel of ingenuity can be found in the Mall of Emirates. Not only a ski slope but also a haven for penguin conservation.

H AJ THE CAMEL

140

Rum & Overproof, Banana Fallernum, Citrus Essence of Tonka Bean, Essence of Spice

In Arabic culture, a camel is assigned a different name every year. For example, a one-year-old camel is called 'Hewar' while a two-year-old camel is called 'Fateem'. The name keeps changing and the camel is known as 'Haj' at three years of age. Made using three rums, this drink also draws inspiration from the animal famously known as the ship of the desert. Its walk, which is much like the motion of a ship at sea.

OLD DUBAI

WATERS OF LIWA (NON-ALCOHOLIC)

80

Mango Puree, Basil Leaf, So Jennie Sparkling Beverage Desert Salt

Ancestral home of the Bani Yas tribe, Liwa sits on the Saudi border, the last outpost before the endless sands of the Empty Quarter.

A GHAF, A GOAT AND A CAMEL **80** (NON-ALCOHOLIC)

Cascara Milk, Bourbon Vanilla, White Peach Nectar Sweet Goat Cheese Meringue

There is an old saying that "Death will not visit a man, even at the time of a famine, if he has a Ghaf, a Goat and a Camel", since the three together will sustain a man even under the most trying conditions.

BELOW THE GROUND

100

Marquis de Puysegur V.S. Armagnac, Porter Reduction Mixed Berries, Acacia Honey, Lime

Until electricity arrived in the 1960s, the best method of cooling water was to fill an earthenware jug, cover and wrap it in wet sackcloth or palm fibre and then lower it into a well where it would dangle in cool dampness. The cocktail is conditioned in stone jugs in the style of this traditional cooling method.

DJIN GENIE

100
